

## Natalia Debandi

Senior Associate Researcher

Natalia holds a PhD in Social Sciences, an MA in Sociology and Philosophy, and specializes in data science, social sciences, and human rights.

For 20 years, she has worked on diverse topics and projects related to human rights, data analysis, survey development and analysis, and systems and monitoring of processes and public policies.

Dedicated to research and teaching, she focuses on current and innovative methodologies to analyze reality with a contextualized, feminist, and human rights perspective.
